Director of Athletics

W. D. WEIDLEIN, Head football coach

Bill Weidlein, head football coach is considered to be the busiest man on the Hays campus. He coaches football, is the engineer for the institution, and takes the roll in the classroom as Professor of Physics. Bill is a product of the Jayhawk, where he is upheld as one of the best athletes of all time. He made three K's in football and was selected as captain of the All-Missouri Valley team.

FRANK P. MANDEVILLE

has been Director of Athletics at Hays State Teachers College four years. He is Head Coach of Basketball and Track and has developed first division teams in these two sports. His slogan is, "Athletics for All." In carrying out this idea he has developed one of the best departments of physical education for men in the Kansas Conference.

CUSTER HALL

Custer Hall, the college dormitory for women, was founded in 1921, when the Kansas Legislature granted an appropriation to the Kansas State Teachers College for the building. The total cost of the building and its equipment was \$102,000. This building occupies a very attractive spot across Big Creek from the Coliseum.

PRINCIPAL CHANGES IN THE FOOTBALL RULES FOR 1926

—0—

A five yard penalty (in addition to loss of a down) is now imposed in each instance where a team makes more than one incompletely forward pass during the same series of four downs.

A team which has scored a safety will now put the ball into play by a kick from its own 20-yard line.

The ball is automatically dead (and no further play can result) whenever it crosses the side line, the side line extended or the end line.
